

ALCHEWAT BALANCE

**AN ENERGY COASTER FOR DRINKING GLASSES,
BOTTLES, FLOWER POTS etc.**

Symbols have been used in all cultures on earth since time immemorial. The understanding of natural resonance phenomena explains their effectiveness.

Water also seems to be able to recognize information of various kinds and to transport its content.

Therefore, formative elements, colors, geometric patterns or word combinations cause a change in the biological structure due to their information. Particularly strong resonance phenomena cause enlarged representations of natural structural processes, such as those of Lakhovsky's symbol.

With bioresonance frequencies, the water is energetically positively shaped in a targeted manner. The frequencies help health, balance and activate life energy. Gratitude, friendship and devotion are also encouraged. The taste improves.

IT COULD NOT BE EASIER - Place your glass, pot, cup, teapot, plant, flowerpot, water bottle, drinking bottle, water carafe, wine or food on the ALCHEWAT Balance disc and in minutes you will have your drink or food energized.

USE THE ALCHEWAT ENERGY, which can radiate a positive effect on your body. The meridian system comes into balance. The energy level rises again, the heartbeat calms down and the aura becomes clearer.

With this product you give your home a positive energy and enhance it visually.

Lakhovsky Oscillator, also known as Tesla Antenna. This symbol represents energy and vitality.

Attach or place the **ALCHEWAT** Balance discs in workspaces to promote energization, for improved sleep in the bedroom, or to support plant growth.

Through the effect of the **ALCHEWAT** Balance disc, a protective space can be built up around the body's energy field, which can ensure both vitalization and harmonized microcirculation.

With its broken circles, the decorative symbol represents a logarithmic-periodic antenna that can pick up and amplify positive vibrations from the environment in a purely physical way.

Placed by flower pots, the **ALCHEWAT** Balance disc can have a positive effect on the growth of plants.

A protective space around the body's own energy field can be built up, so that an energizing and vitalizing as well as improved sleep can be the result.

OLD "TECHNOLOGIES" FOUND AGAIN?

In the sea of information in which we are immersed today, there is extraordinary news that unfortunately fades into the background. In 1911 my grandfather started collecting documents, patents, books and documentation on technologies for harmonizing the environment, humans and animals. My father started applying these theories and technologies in agriculture with positive results. In 1984 the third generation of our family began to follow this path and to test the "family technologies" and to develop them further. The various **ALCHEWAT** systems have been manufactured in Bolzano in South Tyrol since 2010. Our technology is based on the studies, theories and techniques of the great geniuses of history:

Ing. Bernard B. Kazhinski (1890-1962)

MD. Alexander G. Gurwitsch (1874-1954)

Ing. Georges Lakhovsky (186 – 1942)

Ing. Nikola Tesla (1856-1943)

Royal R. Rife (1888-1971)

MD. Dmitrij I. Mendelejew (1834-1907)

D. C. Wladimir I. Wernadski (1863-1945)

MD. Vladimir M. Bekhterev 1857-1927)
